Testimonials

“CDR analysis software provided by prosoft IT is really good and it is really evolving, there are really good features like geo analysis, common numbers, peacock chart, and playing with peacock chart according to our needs is the greatest advantage.” - **Sharath.M.D** (Cyber crime police station Bangalore)

“C5 – CDR application provided by Prosoft is fantastic. There are various good features like GEO Analysis, Common Numbers, Link analysis, Conference calls, Cluster analysis in different mode. I have solved many complicated crime incident with this software. In my view LEA can improve their efficiency by using this software.” - **Nilesh Kumar**, Senior DySP (Cyber Crime Unit, Bihar)

“With the help of C5 CDR application it has become easy to generate various types of report depending on the requirement of investigation officer irrespective of intensity of cases. With the help application analysis may be done with no time, which saves lot of time for the IOs.” - **H.S. Revanna IPS** (Deputy Commissioner of Police North Division, Bangalore City)

Client Portfolio

Catering to eminent officers in the most esteemed Law Enforcement organizations in India and around the globe. C5 CDR Analyzer is successfully installed and enthusiastically used.

The C5 CDR Analyzer has been implemented as a state wide project in Karnataka wherein all the district police units and Commissionerate have been given a copy of the software to do CDR analysis of their cases pertaining to crime. Investigation, surveillance, enquiry etc. The software has been quite successful in solving several important & complicated cases. The field officers are finding it quite easy to use and get different types of analysis reports pertaining to their cases. This continuous support being given by the company is the main key to their “SUCCESS” and commitment. - **B. Dayananda IPS**, (Deputy Inspector General of Police State Intelligence, Bangalore.)
